

Description:

ZINCAMINO® An excellent water-soluble inorganic liquid fertilizer with a high concentration of easily digestible zinc complex with amino acids for use in coffee, vegetables, fruit crops, ornamentals, and cereals, for quality optimum yields.

ZINCAMINO® is designed for plant growth promotion in periods of the most intensive development, for prevention and treatment of zinc deficiencies in plants.

It helps treat the symptoms of zinc-deficient crops including dwarfed leaves, delayed maturity, and short internodes. Zinc is a key component in enzyme production for metabolic reactions in crops that drives protein synthesis, plant growth, and development

BENEFITS OF ZINCAMINO®

- It increases the absorption and translocation of Zinc within plant tissues for maximum nutritional benefits
- Regulates auxins production which are hormones governing a leaf size.
- Increases the production of tryptophane which regulates plant growth.
- Improves quality and productivity of crops.
- Promotes rapid and effective penetration through the leaf surface.
- Zinc increases the heat and frost resistance of plants

APPLICATION RATE

Crops	Rate / Ha	Comments
Vegetable (French beans, peas, cabbages, okra, karalla, ravya, carrots, potatoes) cereals	Foliar: 1-2L in 1000 L of water (20-40ml in 20 L of water)	Apply 2-3 times when the first signs of deficiency appear or from the beginning of plants' top intensive growth and at sprouting
Ornamentals (Roses, Carnations, Arabicum, Gypsophilla, Lillies e.t.c), Coffee	Fertigation, soil 3,0-4,0 l/ha (1-2 applications).	Apply 2-3 times when the first signs of deficiency appear or from the beginning of plants' top intensive growth
Orchards (Citrus, Mangoes, Papaws e.t.c), grapes, olive, beetroot		Apply 2-3 times when the first signs of deficiency appear or from the beginning of plants' top intensive growth

COMPATIBILITY: ZINCAMINO® can be applied in tank mixes with a wide range of pesticides, herbicides, foliar seeds as well as urea. When mixing with other chemicals always mix a small quantity, and check for precipitation in mixture. If it occurs, do not proceed with application.

Note to the user: ZINCAMINO® liquid fertilizer should be used as a complement to, and not a replacement for conventional fertilizers application and normal cultural practices.

WARRANTY: Seller's guarantee is limited to the terms set out on the label and subject thereto; the buyer assumes the risk to persons or property arising from the use or handling.

ZincAmino®

Amino Zinc

GUARANTEE (DHAMANA):

Amino Acid 380g/l, Zinc (Zn) 100g/l

FERTILIZER

An excellent water-soluble liquid fertilizer with a high concentration of easily digestible zinc complex with amino acids for plants growth promotion in periods of the most intensive development, for prevention and treatment of zinc deficiencies in plants.

COMMERCIAL & AGRICULTURAL CLASS (KUNDI LA BIASHARA NA KILIMO)

READ LABEL BEFORE USE (SOMA KIBANDIKO KABLA YA KUTUMIA)
KEEP LOCKED OUT OF REACH OF CHILDREN (FUNGIA MBALI NA WATOTO)

Shelf Life (Maisha Rafuni): 5 years from the date of manufacture when stored in original unopened container in a cool dry place. (Miaka mitano baada ya tarehe ya kutengenezwa kama imehifadhiwa kwenye chombo chake asili pahali pakavu pasipo na joto jingi)

Batch No (Nambari ya kufurushi):

Date of Manufacture (Tarehe ya kutengeneza):

Expiry Date (Tumia kabla ya):

1L

Maelezo:

ZINCAMINO® ni mbolea mumunyifu bora ya kimiminika iliyo na Zinc changamano ya juu inayoweza kuyeyushwa kwa urahisi na asidi ya amino kwa ajili ya matumizi ya kahawa, mboga mboga, mazao ya matunda, mapambo na nafaka, kwa mazao bora zaidi.

ZINCAMINO® imeundwa kwa ajili ya kukuza ukuaji wa mimea katika vipindi vya ukuaji mkubwa zaidi, kwa kuzuia upungufu wa zinc katika mimea.

Husaidia kupunguza dalili za mazao yenye upungufu wa zinc ikiwa ni pamoja na majani madogo, kuchelewa kukomaa, na internodes fupi. Zinc ni sehemu muhimu katika uzalishaji wa mazao ambayo huchochea usanisi wa protini, ukuaji wa mimea na ukuzaji.

UBORA WA ZINCAMINO®

- Huongeza ufinzaji na uhamishaji wa Zinc ndani ya tishu za mimea kwa manufaa ya juu ya lishe
- Hudhibiti uzalishaji wa auxins ambayo ni homoni zinazotawala ukubwa wa jani.
- Huongeza uzalishaji wa tryptophane ambayo hudhibiti ukuaji wa mimea.
- Huboresha ubora na tija ya mazao.
- Hukuza kupenya kwa haraka na kwa ufanisi kupitia uso wa jani.
- Zinc huongeza uwezo wa mimea kustahimili joto na baridi

JINSI YA KUTUMIA

Mimea	Kipimo	Mapendekezo
Mboga kama nyanya, karoti, maharagwe, hoho, kitunguu na mimea, nafaka	Kunyunyiza kwa majani: Lita 1-2 kwa lita 1000 L ya maji (Mililita 20-40 kwa lita 20 za maji)	Nyunyizia mara 2-3 wakati dalili za kwanza za upungufu zinaonekana au tangu mwanzo wa ukuaji wa juu wa mimea na wakati wa kuota
Maua ('Roses', 'Carnations', 'Arabicum', 'Gypsophilla', 'Lillies' etc), Kahawa	Kwa drip: Lita 3- 4 kwa Hektari	Nyunyizia mara 2-3 wakati dalili za kwanza za upungufu zinaonekana au tangu mwanzo wa ukuaji wa juu wa mimea
Matunda (Machungwa, maembe, papai, zabibu, n.k)		wakati dalili za kwanza za upungufu zinaonekana au tangu mwanzo wa ukuaji wa juu wa mimea

UPATANIFU: ZINCAMINO® inapaswa hupatana na madawa mengine ya kuangamiza magonjwa na wadudu waharibifu, sumu ya kuaa kwelwe, mbolea za maji hata na urea unapochanganya na dawa zingine jaribu mchanganyiko kiasi kidogo uangalie kama mumunyiko, kama hauna mumunyiko usiendee.

Ilani kwa mtumiaji: ZINCAMINO® inapaswa kutumika kama nyongeza, si kwa ajili ya mbolea za kawaida katika ukulima.

THIBITISHO: Dhamana ya muuzaji ni maelezo yaliyo kwenye kibandiko ambayo ni lazima yafuatwe kikamilifu. Mnunuzi lazima akubali hatari zozote zinazoweza kutokea kutokana na matumizi ya dawah ii, kwenye binadamu au mali na lazima alikubali dawa hii katika hali hiyo.
